

Projects

- Panday

UX/ UI Designer & Research Lead

 - Mapped a personalized AI-driven user journey by identifying and resolving friction points in the trade certification process.
 - Defined the UX/UI strategy, simplifying complex regulatory road-maps into an intuitive visual language for students.
 - Prototyped core AI features, including an interactive chatbot and skill-tracking tools, to boost user retention and progress monitoring.
 - Aligned the feature roadmap with institutional standards, collaborating with stakeholders to ensure the solution met real- world certification requirements.
- Aidile

UX/UI & Product Designer

 - Defined the product vision and market positioning, establishing a streamlined solution for modern apartment building governance.
 - Architected core features, including a visual project-tracking dashboard and a smart notification system to bridge the gap between councils and residents.
 - Designed high-fidelity wireframes and user flows that prioritized transparency, making complex data accessible to non-technical users.
- Museum Poster

Designer

 - Developed a cohesive visual identity for a fictitious exhibition, using minimalist typography and geometric layouts to mirror Miyake's signature aesthetic.
 - Iterated on poster compositions through feedback loops, balancing complex visual hierarchy with clear event communication.
 - Curated a strategic selection of Miyake's work to build a campaign narrative focused on textile innovation and evolution.
- Bandit Breakout

UX & Sound Designer

 - Designed and play-tested core mechanics to refine gameplay flow, eliminating UI bottlenecks for seamless transitions between story beats.
 - Engineered custom atmospheric soundscapes and localized SFX to heighten emotional stakes and sensory feedback.

EDUCATION

Digital Design and Development

British Columbia Institute of Technology (BCIT) |
2024 – Current

SKILLS

Product Ideation	HTML + CSS	Prototyping / Wireframing
Adobe Creative Suite	Adobe XD - Figma - Sketch	Presentation
UX/UI Design	Video Editing	Branding Design
Graphic Design	Project Management	Web Design
